EDUCATION

2015
(Graduate 11/2015) Diploma in Tropical Medicine and Hygiene (DTM&H)
London School of Hygiene and Tropical Medicine East African Program
Kilimanjaro Christian Medical Centre, Moshi, Tanzania
Mulago Hospital, Kampala, Uganda

2011-2013
(Graduate: 06/2015) Master of Science (MS) in Epidemiology
University at Buffalo (UB)
The State University of New York (SUNY)
School of Public Health and Health Professions
Buffalo, NY, USA
Major Topic of Study: Cancer/Infectious Disease Epidemiology

Master's Thesis: Vitamin Deficiencies among Resettled Refugees in Buffalo, NY (June 2013)

2006-2010
(Graduate: 05/2010) Doctor of Medicine (MD)
Tel Aviv University (TAU)
Sackler School of Medicine
Tel Aviv, Israel
Major Topic of Study: Medicine

2003-2005
(Graduate: 02/2005) Master of Public Health (MPH)
Columbia University
Mailman School of Public Health
Department of Sociomedical Sciences
New York, NY, USA
Major Topic of Study: History and Ethics

Master's Thesis: A.I.D.S. (An Idiosyncratic and Devastating Saga) in South Africa and Haiti - The Social Triggers to a Biological Missile: A Historical Analysis of the Social Construction and Production of HIV/AIDS (November 2004)

2002-2003
(Transfer: 08/2003) Master of Public Health (MPH: incomplete)
New York University (NYU)
Steinhardt School of Education
New York, NY, USA
Major Topic of Study: International Community Health

1999-2002
(Graduate: 05/2002) Bachelor of Science (BS)
University of Southern California (USC)
Ethel Percy Andrus Gerontology Center
Los Angeles, CA, USA
Major Topic of Study: Bio-Gerontology
Concentration: Pre-Medicine

CLINICAL TRAINING

2015
Infectious Disease/Tropical Medicine Fellow
London School of Hygiene and Tropical Medicine East African Program
Kilimanjaro Christian Medical Centre, Moshi, Tanzania
Mulago Hospital, Kampala, Uganda

- Intensive clinical and laboratory training program focusing on tropical medicine in Uganda and Tanzania
- Extended clinical infectious disease training
- Research on pediatric malnutrition in Zanzibar, Tanzania
- Collaboration on textbook publication in Tropical Medicine (see publications below)

2011-13 Resident Physician
 Department of Social and Preventive Medicine
 Department of Internal Medicine
 School of Public Health and Health Professions
 University at Buffalo/Roswell Park Cancer Institute (RPCI)
 The State University of New York (SUNY)
 Buffalo, NY, USA

- Combined internal medicine/preventive medicine training with inpatient rotations at affiliated medical centers, including:
 - **Roswell Park Cancer Institute**
 - **Buffalo General Hospital**
 - **Erie County Medical Center**
- Cancer prevention track resident funded by the American Cancer Society to formulate research and design interventions focusing on distinct ethnic groups (e.g. Seneca American Indians, refugees) and high risk groups.
- Continuity clinics focusing on refugee health and HIV/AIDS treatment, and general primary care at:
 - **Jericho Road Family Practice (JRFP) Refugee Clinic**
 - Providing post-resettlement and medical services for all refugees recently resettled in Buffalo, NY (as coordinated by the UNHCR and US Department of State), which impacts over 2000 refugees/year (including >600 new refugees seen annually).
 - Collecting and analyzing data that led to the following two studies:
 - *Vitamin Deficiencies among Resettled Refugees in Buffalo, NY* (see publications)
 - *TB misclassifications among Resettled Refugees in Buffalo, NY from 2005-2012* (see publications)
 - **Evergreen Health Services (AIDS Community Services of Western NY)**
 - Providing HIV/AIDS care and treatment to the infected community in Buffalo, NY.
 - Hepatitis C evaluation and treatment
 - PrEP implementation
 - Provided transgender/gender nonbinary care
 - Providing primary care, counseling and preventive education for high risk groups in the local community.
 - Organizing advocacy campaigns for the local HIV/AIDS community.
 - **SUNY University at Buffalo Internal Medicine primary care clinic**
- Public health rotations:
 - Erie and Niagara county health departments,
 - including clinical treatment in their STI and TB clinics.
- Completed an MS in epidemiology as a component of the residency program.

2010-11 Medical Resident/Intern (PGY1)
 Department of Internal Medicine
 Banner Good Samaritan Medical Center/Carl T. Hayden VA Medical Center
 University of Arizona College of Medicine-Phoenix
 Phoenix, AZ, USA

- Internal medicine residency training with inpatient rotations at affiliated medical centers, including:
 - **Banner Good Samaritan Medical Center**
 - **Carl T. Hayden VA Medical Center**
- Continuity clinic focusing on HIV/AIDS treatment and primary care at:
 - **Carl T. Hayden VA Medical Center, Immunodeficiency (HIV/AIDS) Clinic**
- Supporting coordination of a global health residency program – including the implementation of a Grand Rounds conference series.

2009-2010

Medical School (Tel Aviv University/Sackler School of Medicine) Electives:

- **Department of HIV/AIDS Epidemiological Surveillance, NYC Department of Health and Mental Hygiene (DoHMH)**
 - Fourth year medical school (MS4) rotation.
 - Performing epidemiological surveillance of the genetic mutations conferring resistance to HAART among NYC residents living with HIV-1.
 - Assessing the genotype/ARV resistance reporting and record systems among NYC providers by conducting multiple site visits, attending conferences facilitated by the local HIV/AIDS communities, and analyzing the inconsistencies in mutations reported to the DoHMH and those within internal institutional records.
- **AIDS Institute, NYS Department of Health (DoH)**
 - Fourth year medical school (MS4) rotation.
 - Assisting in facilitating a study tour for foreign health-care professionals from sub-Saharan Africa to learn of the quality improvement measures conducted by the NYS DoH in data collection and reporting on HIV/AIDS care (HIVQUAL International).
 - Arranging site visits to HIV-care providers and conferences among HIV-care consumers/advocates for the foreign residents to help foster capacity building and hopefully implement similar measures into their own respective programs.
 - Fourth year medical school (MS4) rotation.
- **Department of Preventive Medicine, Johns Hopkins University (JHU) Bloomberg School of Public Health**
 - Fourth year medical school (MS4) rotation.
 - Working on clinical research assignments in various JHU institutions and departments.
 - Analyzing and presenting data on physician burnout among Israeli primary care providers.
 - Conducting various site visits to public health agencies with other JHU residents – including PAHO, USAID, FDA Advisory meetings, Agency for Health-care Research and Quality (AHRQ)/US Preventive Services Task Force, and NIH/NIAID (National Institute of Allergy & Infectious Disease).
- **Department of Internal Medicine, Harlem Hospital Center, Columbia University College of Physicians and Surgeons**
 - Fourth year medical school (MS4) rotation (sub-internship/advanced clerkship).
 - Working closely with the Infectious Disease service team – focusing namely on HIV/AIDS care.
- **Division of Infectious Disease, St. Luke's-Roosevelt Hospital Center/Center for Comprehensive Care (CCC), Columbia University College of Physicians and Surgeons**
 - Fourth year medical school (MS4) rotation.
 - Observing and participating in HIV/AIDS outpatient treatment at the Center for Comprehensive Care.
 - Participating in integrative medicine workshops for HIV/AIDS patients – focusing on quality of life issues (including mindfulness-based stress reduction training, nutrition education, and general HIV/AIDS awareness).
- **Department of Preventive Medicine, Assaf HaRofeh Medical Center, Tel Aviv University Sackler Faculty of Medicine, Israel**
 - Fourth year medical school (MS4) elective.
 - Developed a small-scale cohort study that employed the use of cognitive-behavioral therapy (CBT) as a means to prevent and mitigate the suffering of physician burnout among Israeli primary care providers.
 - Coordinated on the design, data analysis, and writing of this study:
 - *CBT Group Intervention: The Probable Panacea for Physician Burnout among Israeli General Practitioners*
- **Department of Infectious Diseases, Patan University Hospital, Patan Academy of Health Sciences, Nepal**
 - Third year medical school (MS3) elective.
 - Working under the direct supervision and guidance of the heads of the Internal Medicine and Infectious Disease departments of Patan Hospital in order to have a better understanding of the endemic diseases afflicting the Nepalese.
 - Preparing case studies on Leishmaniasis and HIV/AIDS.

- Coordinating community outreach programs with the public health department in order to improve the delivery of health-care to the central rural areas of Nepal.

2007 Medical Student Extern/Community Outreach Assistant
Center for Infectious Diseases
Clinical Center Skopje
Skopje, The Former Yugoslavian Republic of Macedonia; Priština, Kosovo, UNMIK

- Second year medical school (MS2) summer exchange program facilitated by the International Federation of Medical Students' Associations (IFMSA).
- Observing clinical care in the fields of both Infectious Disease and Trauma surgery.
- Particular focus on treating Kosovar Albanian refugees as well as the Roma (gypsy) populations.
- Coordinated rotation with Kosovo – namely treating those affected by recent conflicts.

CLINICAL EXPERIENCE

2021-Present CEO and Co-Founder
Wellness and Equity Alliance
Austin, TX

- CEO, owner, co-founder of a national alliance of public health clinicians and supporting operations committed to transforming health care delivery to vulnerable communities with a focus on effective COVID-19 clinical services in strategic settings.
- Our primary focus is:
 - **Public health/emergency management operational extension** – optimizing the public-private partnership to help departments of public health and emergency management agencies across the nation respond to public health needs during both blue and grey skies, respectively. Our primary focus is COVID-19 operations providing testing, vaccinations and therapeutics for the following communities:
 - *Indigenous health*
 - *Immigrant health*
 - *Rural health*
 - *Racial equity*
 - *Carceral health*
 - *Homeless health care*
 - **Social Determinants of Health (SDoH) Consultations** – advising health systems in complex health environments on how to optimize operational plans addressing the SDoH and mitigating the burden on overstretched health systems using a number of modalities, including:
 - *Street medicine*
 - *Rural paramedicine*
- CDC/AMA/ACPM grant recipient for physician-owned practices focusing on the prevention and treatment of COVID-19 among minority populations specializing on immigrant health on the southern TX border.
- Overseeing all executive functions, including multiple physicians, pharmacists and operators, as well as a number of contractual partners.

2021 Medical Director (interim)
Health Care for the Homeless Program (HCHP)
Alameda County Health Services Agency (HCSA)
Oakland, CA

- Temporary consulting position creating all QI/QA clinical guidelines and standards of care for homeless health care delivery for all homeless health care providers in Alameda County, thereby assisting with a HRSA regulatory operational site visit.
- Clinically responsible for the care of >20,000 people experiencing homelessness (PEH) in Alameda County
- Clinical teams divided into:
 - Shelter care
 - Street medicine
 - COVID-19 isolation/quarantine hotels

- Leading the resettlement efforts of >1000 Afghan refugees/SIVs in Alameda County, including the creation of medical and social service working groups.
- Providing clinical supervision for all clinicians in county HCHP
- Creation of multiple quality advisory committees across the county in an effort to bring clinical leaders together around the following subjects:
 - Primary care
 - Mental health/substance use disorders
 - Communicable disease
- Assisted in the implementation of an EMR system (Epic)
- Advised on the development of a countywide social and health information exchange (SHIE).
- Overseeing provisions of care delivery among all contracted providers
- Leading COVID-19 emergency response for PEH
- >10 reports
- >\$15 million budget

2020-2021 Chief Executive Officer (CEO)
 Chief Medical Officer (CMO)
 Curative Medical Associates
 San Dimas, CA

- Owner, CEO and president of physician led medical group administering COVID-19 vaccinations and monoclonal antibody infusions.
- Curative, Inc covers 5-10% of all RT-PCR tests nationwide
- Administering >2 million vaccines nationally, including the following states:
 - California
 - Texas
 - Massachusetts
 - Delaware
 - Florida
 - New York
 - Arizona
 - Pennsylvania
 - Arizona
 - Michigan
 - Illinois
- Chair of the following national committees/working groups:
 - Health equity
 - Infection prevention and control (IPC)
 - Policies & procedures
 - Public health emergency preparedness
 - Quality improvement/assurance (QI/QA)
- >2000 reports, including 28 direct (with deputy CMO, state medical directors and national directors of nursing)
- >\$100 million budget

2021-present Clinical Assistant Professor
 Department of Medicine
 University of California, San Francisco (UCSF) Primary Care Centers
 China Basin, San Francisco, CA

- Seeing primary care patients in urban primary care practice
 - Patient panel 400-500
- HIV/AIDS and special populations consultant
- Precepting medical students and medical residents

2020-2021 Deputy Public Health Officer
Chief, COVID-19 Vaccine Branch
Marin County Health & Human Services Agency
Marin County, CA

- Overseeing COVID-19 operations with special attention to:
 - Vaccine mass distribution
 - Congregate care investigation and response
 - Contact tracing
- Incident commander for COVID-19 vaccine policy-making and operations.
 - Responsible for the distribution of >70,000 vaccines.
- Led operational stand up of 3 stationary PODs (points of dispensing) with maximal throughput of 2100/day.
- Led vaccine mobile operations with data-driven equity approach (e.g. HPI quartile data).
- Vendor management of COVID-19 vaccine allocation and distribution to:
 - Advising on health equity campaigns
- Working with public information officer (PIO) team to strengthen vaccine confidence and awareness using various town halls and community conversations.
- Led access and functional needs (AFN) vaccine task force
- Led epidemiological team to create data-driven road map to help guide policy and operational decisions on sufficient community “tier” penetrance and mobile operations.
 - Created and analyzed COVID-19 vaccine hesitancy survey (n>5000 respondents) and designed community outreach efforts to address hesitancy/refusal.
- Advising local Bay Area public health officers (ABAHO) in COVID-19 vaccine operational lead working group.

2020 Chief Medical Officer (CMO)
COVID-19 Medical Section
NYC Office of Emergency Management (NYCEM)
New York, NY

- Overseeing isolation and quarantine hotels created for vulnerable populations either infected with or exposed to COVID-19
- Overseeing a risk reduction jail/prison early release program for individuals at high risk for COVID-19, facilitated by the Mayor’s Office of Criminal Justice (MOCJ)
- Leading joint operational initiative (with NYC DoHMH) to focus on contingency planning for possible COVID-19 outbreaks in congregate care facilities
- Leading a systematic integration initiative (consisting of NYC Health & Hospitals, DoHMH, Department of Homeless Services, and City Hall) for alternative care sites (ACS) in NYC focusing on clinical, operational and social issues related to COVID-19 isolation and quarantine by focusing on three working groups:
 - Behavioral health/intellectual/developmental disorders
 - Social determinants of health (SDoH) service delivery
 - NYC Infection prevention and control (IPC) task force
- Developed an agency playbook on COVID-19 hotels, as well as an interagency best practice guide.
- Direct clinical management
- >180 reports, including 3 direct
- >500 patients

2020 Infectious Disease Consultant
USTA Billie Jean King COVID-19 Hospital
Corona Park, Flushing, Queens, NY, USA

- Multiple agency operation, working along with:
 - NYC *Health & Hospitals* (H&H)
 - *Comprehensive Health Solutions* (CHS)
 - FEMA
- Providing direct clinical care in 470-bed COVID-19 field hospital (converted from world renowned tennis stadium)
- Main infectious disease (ID) consultant to staff of >1000

- Created all ID standard operating procedures (SOPs)
- Developed an employee health program

2020 Deputy Chief Medical Officer (CMO)
U.S. Department of Health and Human Services (DHHS) San Carlos COVID-19 Facility
 San Carlos, CA, USA

- Multiple agency operation, working along with:
 - *Centers for Disease Control and Prevention (CDC)*
 - *Disaster Medical Assistance Teams (DMAT)*
 - *Aspen Medical International (AMI)*
 - *California Governor's Office of Emergency Services (CAL OES)*
 - *U.S. Marshals Service*
- Providing clinical and operational leadership to stand up a COVID-19 isolation and quarantine alternative care site (ACS) for the crew and passengers of the *Grand Princess* cruise line and Travis air force base.
- Created all SOPs
- Developed a mental health program for both clients and clinical staff
- Developed an employee health program

2019-2020 Chief Medical Officer (CMO) (interim)
 North County Medical Director
 HIV Controller
County of Santa Cruz Health Services Agency
 Santa Cruz, CA, USA

- Providing clinical and administrative supervision over the clinical services division (also an FQHC) of the Health Services Agency, including:
 - 4 health centers, including:
 - Juvenile hall
 - Homeless person's health project (HHPH)
 - Supervision of >200 employees with 28 direct reports
 - Responsible for >18,000 patients managed with a focus on vulnerable populations
 - Assisted in managing >\$38 million budget
- Oversight of the integrated behavioral health (IBH) program with >20 employees
- Member of the HSA executive leadership/senior management team
- Medication assisted treatment (MAT) medical director for substance use disorders (SUD) with >300 patients being treated for:
 - Opiate use disorder (OUD)
 - Alcohol dependence disorder
 - Methamphetamine dependence
- Development of the following programs:
 - Street medicine program providing the following services:
 - Primary care
 - Urgent care
 - MAT
 - Behavioral health services
 - Telemedicine for psychiatric services
 - HIV/HCV testing
 - Public health field outreach
 - Complementary alternative medicine program, including:
 - Acupuncture
 - Yoga and Tai Chi shared medical appointments for pain management and SUD
 - Mindfulness-based stress reduction (MBSR)
 - Sexual health clinic providing the following services:
 - STI testing/treatment
 - HIV PrEP/nPEP
 - Family planning

- Vaccinations
 - Transgender (TG)/nonbinary (NB) care
- Women's health program with a focus on:
 - Prenatal care
 - Long-acting reversible contraceptives (LARCs)
- Migration health program, focusing on:
 - Economic migrants providing immigration physical exams and referral to legal and social services
 - Political migrants providing
 - refugee health assessments
 - mental health evaluations
 - asylee affidavit exams
- Creation of academic affiliations and educational rotations with:
 - UCSF/Natividad family medicine residency rotation
 - Stanford university primary care/population health medical student rotation
 - Five Branches university post-doctoral acupuncture internship
- Facilitated and hosted an annual all staff retreat
- Member of the countywide Health Improvement Partnership (HIP) council
- Member of the Center for Central Coast Alliance Managed MediCal Plan Physician Advisory Group
- Collaboration with the public health division, including:
 - HIV controller
 - Consultant for TB and STI management
 - Consultant for communicable disease outbreaks
- Providing direct clinical care (0.3 FTE)

2019 Chief Medical Officer (CMO)
 Share Our Selves (SOS)
 Costa Mesa, CA, USA

- Overseeing a division of medicine with over 16,000 patients and 18 medical providers in 4 health care centers in Southern California, with the following programs also available:
 - Behavioral/mental health
 - Dental
 - Clinical pharmacy
 - Social services
- Clinical responsibilities:
 - Primary care
 - Homeless health (14% of the patient population)
 - HIV/AIDS care
 - STI management
- Collaborative oversight of a number of programs, including:
 - Integrated behavioral health
 - Homeless health
 - Oral health
 - Pharmacy services
- Program implementation:
 - Substance Abuse program focusing on Medication Assisted Treatment (MAT) for the homeless.
 - Funding from SAMHSA
 - HIV/HCV and LGBT Health program
 - Correctional health linkage program to medical home

2017-2019 National Director of Infectious Disease (ID)
 Medical Director, Public Health Division
 HIV Clinical Fellowship Director
 Medical Director, Hollywood HealthCare Center
 AIDS HealthCare Foundation (AHF)
 Los Angeles, CA, USA

- National director of ID for a large HIV/AIDS organization (>\$2 bill operating budget) serving approximately 50,000 patients in >60 health-care centers (HCCs) in 14 states nationwide with primary administrative responsibilities focusing on:
 - Creation and implementation of national influenza policy (covering both staff and patients)
 - Creation and implementation of LTBI testing and treatment program
 - Creation of travel medicine programs in LA and NYC (with *GeoSentinel* enrollment)
 - Creation of antimicrobial stewardship surveillance and didactic program
 - Creation and implementation of emerging communicable disease surveillance system
 - Monthly ID updates for each respective bureau (i.e. Western, Northern, Southern) provider calls
 - Supervision of the national Liver Institute (management of viral hepatitis in LA, south FL and NYC)
 - Management of all ID outbreaks throughout the nation, with particular attention to hepatitis A
 - Creation and supervision of national Hepatitis C provider credentialing and training program
 - Oversight of national vaccine coverage in HCCs and wellness centers
 - Creation of health-care associated infection (HAI) policies and procedures (P&Ps) and best practices
- Medical director of HIV/AIDS clinic with census of 2000+ patients.
 - Direct responsibility over all clinical and administrative operations, supervising >30 employees, including:
 - 3 mid-level medical providers
 - 2 physicians
 - office manager
 - nurse manager
- Clinical responsibilities:
 - Outpatient census of 700-1000 patients, managing 10-25 patient per day focusing on:
 - HIV/AIDS
 - Hepatitis B/C
 - Latent TB infection (LTBI)
 - Transgender care
 - Substance abuse management (including medication assisted treatment, MAT)
 - Primary care
 - Urgent care
 - Inpatient coverage of all HIV+ AHF (or without a PCP) patients admitted to *Hollywood Presbyterian Medical Center*
- Chair, Infection and Prevention Control Committee with 7 coordinating subcommittees:
 - Hepatitis
 - TB
 - Health-care associated infections (HAIs)
 - Special populations
 - Sexually transmitted infections (STIs)
 - Vaccines
 - Antimicrobial Resistance (AMR)
- Acting Chair, Policies and Procedures (P&P) committee. Authorship of the following P&Ps:
 - Transgender care
 - Employee TB screening
 - Syphilis
 - Reported STI exposure
 - Hepatitis C
 - General hepatitis
 - Blood-borne pathogen (BBP) exposure
 - HIV non-occupational post-exposure prophylaxis (nPEP)
 - Expedited Partner Therapy (EPT)
- Medical Director, Public Health Division
 - Clinical lead for all “men’s wellness” (STI) clinics across the US (n=22)
 - Supervision of 10+ medical providers across the nation
 - Responsible for all clinical operations, including mobile testing units
- Continuing Medical Education (CME) lecturer and coordinator
- HIV Clinical Fellowship Director (post-graduate 1 year training program for MDs/DOs)
- Member, Research Committee
- Creation of complementary and integrative medicine program with the following services:

- Acupuncture
- Yoga/meditation
- Mindfulness-based stress reduction (MBSR)
- Urban community gardening
- Faculty, Charles R Drew Physician Assistant (PA) Training Program in HIV care
- Educational/Mentoring responsibilities:
 - AHF interns
 - NP/PA students
 - MPH students
 - Medical students

2018-Present Medical staff
 Division of Infectious Disease
 Hollywood Presbyterian Medical Center
 Los Angeles, CA, USA

- Inpatient consultations for all HIV+ patients who meet the following criteria:
 - AHF identified as PCP
 - No PCP identified
 - Newly diagnosed HIV+
- Participation (with voting privileges) at all medical staff meetings

2015-17 Director of Communicable Diseases and Clinical Research (10/2016-01/2017)
 Director of Preventive Medicine (06/2015-09/2016)
 Acting Director of Infectious Disease and Transgender Care (12/2015-09/2016)
 Associate Medical Director, Bronx Health Center (11/2015-01/2017)
 Community HealthCare Network (CHN)
 Bronx, NY; Queens, NY, New York, NY, USA

- ID and transgender care director for a large federally-qualified health center (FQHC) with 14 centers across NYC serving >80,000 patients (>\$25 mill operating budget) with primary administrative responsibilities focusing on:
 - Founded the first refugee/asylee integrated primary care and mental health program in NYC
 - Founded and managed a program focusing on victims of human trafficking
 - Founded and managed a LTBI treatment and evaluation program
 - Founded and managed a hepatitis B treatment program
 - Clinical lead on substance abuse program implementation at Bronx locations
 - Clinical lead on network implementation of transgender care
 - Clinical lead on HIV pre-exposure prophylaxis (PrEP) implementation
 - Clinical lead and organizer of hepatitis C treatment and training program
 - Clinical lead for HIV QI initiatives (viral load suppression and HIV testing)
 - Clinical lead for complementary and integrative medicine program
 - Clinical lead and organizer of academic engagement
 - Lead and organizer of HIV clinical training and credentialing via AIDS Education Training Centers (AETC)
- Associate Medical Director of large health center in the South Bronx providing care to >3,000 underserved patients. Direct responsibility over all clinical and administrative operations, supervising >30 employees, including:
 - 4 mid-level medical providers
 - 1 physician
 - nurse manager
- Clinical responsibilities:
 - Census of 500-700 patients, managing 15-20 patients per day focusing on the following:
 - General primary care (ages 1 month+)
 - Refugee/asylee care
 - HIV/HCV/HBV/TB/STI care
 - Family planning
 - Transgender care
- Lead and organizer of clinical research program with collaboration in a practice based research network (PBRN)
- Founded and led NYC refugee/asylee health coalition (**NYC Refugee and Asylee Health Coalition, NYCRAHC**)

- Clinical moderator of NYC CHN Transgender Health Conference (co-sponsored by the NYC DoHMH)
- Collaborator with Johns Hopkins University MPH student precepting program
- Clinical instructor of nurse practitioner fellow program
- Lecturer for SUNY Optometry students
- Travel and tropical medicine consultant
- Member, Internal institutional review board (IRB)

2015 Ebola Response Clinician
Partners in Health (PIH)
 Freetown, Sierra Leone; Kono, Sierra Leone; Boston, MA, USA

- Health Systems Strengthening at Koidu Government Hospital, Kono
- Designing malaria protocol
- Organizing didactic lectures and rounds for local community health officers/nurses
- Facilitating malnutrition feeding program
- Collaborating with Wellbody Alliance and Jericho Road in strengthening local system
- Ebola preparedness training completed by the International Organization on Migration and WHO
- Advising on treatment on entire hospital including all adult and pediatrics (non-surgical) cases
- Creating local formulary for PIH's involvement in Kono

2014-15 Medical Officer
 Community Health Director
Indian Health Service (IHS)
US Department of Health and Human Services
 Fort Washakie, WY; Arapahoe, WY (USA)

- Serving the *Eastern Shoshone* and *Northern Arapaho*
- General clinical duties in family medicine setting (18-25 patients daily in outpatient setting)
- Inpatient management with Q7 call schedule at local non-IHS facility
- Operational advisor on community/tribal health activities
 - Astra-Zeneca obesity intervention grant
 - Wellness workshops
- Advisor to all public health nurses with main foci:
 - Diabetes risk stratification intervention
 - Substance abuse interventions
- Organizing and facilitating HIV and Hepatitis C (HCV) treatment programs
- Organizing journal club didactic sessions with all clinical staff
- Teaching medical students/residents
- Acting member:
 - Diabetes subcommittee (co-chair)
 - Improving Patient Care (IPC) QI committee
 - Health Disparities consortium (co-chair: education and judicial)

2014 Physician
 Medical Team Leader
Médecins Sans Frontières (MSF)-USA/Doctors without Borders
 Mellut, Upper Nile State, South Sudan

- Only physician working in internally displaced persons (IDP) camp (continuous on call service)
- Main foci:
 - Pediatric malnutrition
 - Visceral Leishmaniasis/TB/Malaria
 - General medical care (inpatient/outpatient)
- Supervising all clinical (inpat/national) staff
- Contributing to the operational construction of a secondary inpatient medical treatment facility
- Overseeing all therapeutic feeding programs:

- Intensive therapeutic feeding center (ITFC)
- Ambulatory therapeutic feeding center (ATFC)
- Weekly community health workshops
- Bi-weekly training workshops and didactic sessions for clinical staff
- Book in preparation: *Surviving South Sudan*

2014-2018 Urgent Care/Occupational Medicine Clinician
Concentra
 New Haven, CT, USA; Rancho Cucamonga, CA, USA

- Urgent care clinic (national distribution) within Occupational Medicine setting.
- Performing Department of Transportation (DoT) physical exams
- Treating occupational-related injuries
- Electronic Medical Record (EMR) competence
- Telemedicine consultation
- Treating a wide range of presenting illnesses rooted in fields related to OB/GYN, pediatrics, internal medicine, family medicine, surgery, orthopaedics, dermatology, psychiatry.
- Competent variable procedural skills

2014-2017 Urgent Care Clinician
Doctors Express
 Bridgeport, CT, Norwalk, CT USA

- Urgent care setting (ER alternative).
- Treating a wide range of presenting illnesses rooted in fields related to OB/GYN, pediatrics, internal medicine, family medicine, surgery, orthopaedics, dermatology, psychiatry.
- Consultations regarding the Affordability Care Act
- Competent variable procedural skills
- Performing DoT physical exams
- Treating occupational-related injuries
- EMR competence

2013-14 Urgent Care Clinician
MASH Urgent Care
 Buffalo, NY, USA

- Urgent care setting (ER alternative).
- Treating a wide range of presenting illnesses rooted in fields related to OB/GYN, pediatrics, internal medicine, family medicine, surgery, orthopaedics, dermatology, psychiatry.
- Competent variable procedural skills
- EMR competence

2013-14 Urgent Care Clinician
Lifetime Health Medical Group
 Buffalo, NY, USA

- Urgent care (expanded primary care) setting for primary care HMO (patient centered medical home).
- Treating a wide range of presenting illnesses rooted in fields related to OB/GYN, pediatrics, internal medicine, family medicine, surgery, orthopaedics, dermatology, psychiatry.
- Competent variable procedural skills

2012-13 Infectious Disease Attending Physician Lead
Evergreen Health Services (AIDS Community Services of Western NY)
 Buffalo, NY, USA

- Moonlighting experience – transitioned to full-time attending physician following completion of residency.

- Providing HIV/AIDS care and treatment to the infected community in Buffalo, NY.
- Hepatitis C evaluation and treatment
- PrEP implementation
- Provided transgender care
- Providing primary care, counseling and preventive education for high risk groups in the local community.
- Organizing advocacy campaigns for the local HIV/AIDS community.
- Electronic Medical Record (EMR) competence

2012 Intensive Care Unit/Coronary Care Unit (ICU/CCU) Coverage Physician
Mercy Hospital of Buffalo
 Catholic Health System
 Buffalo, NY, USA

- Moonlighting experience
- Providing ICU/CCU coverage for pulmonary/critical care specialists, neurointensivists, cardiologists, cardio-thoracic surgeons in late afternoon/evening hours.
- Serving as liaison between specialists and nurses and providing relief for inpatient hospitalists.
- Facilitating transfer of care of post-operative patients.
- Inserting central lines, performing rapid sequence intubations and ventilator management.
- Conducting codes and rapid response teams.
- Electronic Medical Record (EMR) competence

2011-12 Urgent Care Clinician
Express Medical Care of WNY
 Kenmore, NY, USA

- Moonlighting experience
- Licensed physician in urgent care setting (ER alternative).
- Treating a wide range of presenting illnesses rooted in fields related to OB/GYN, pediatrics, internal medicine, family medicine, surgery, orthopaedics, dermatology, psychiatry.

INTERNATIONAL HEALTH AND DEVELOPMENT EXPERIENCE

2019-Present Head of Mission
Global Outreach Doctors (GoDocs)
 Bukavu, Democratic Republic of Congo (DRC)

- Led a clinical mission of n=8 to perform a needs assessment to help provide clinical services for women affected by sexual and gender-based violence (SGBV) in the eastern DRC working in collaboration with:
 - Hero Women Rising
 - Free Methodist Church
 - Panzi Hospital
- Clinical and operational lead for ongoing sustainable program designed to improve mental health services for patients affected by SGBV in the Eastern DRC, with the following activities:
 - US-based psychiatrists training DRC primary care physicians to manage mild/moderate mental health conditions
 - The development of “solidarity workshops” using cognitive processing therapy (CPT) for women affected by SGBV
 - Telemedicine and/or referrals to Bukavu-based psychiatrists for severe mental illness.
- Collaborating with Panzi’s leadership team (including Dennis Mukwege, 2018 Nobel Peace Prize laureate) to strengthen advocacy efforts

2016-Present Founder
New York City Refugee and Asylee Health Coalition (NYCRAHC)
 NY, NY, USA

- Creation of a coalition of mission-driven clinicians, service providers and affiliated institutions focusing on refugee and asylee health with the following objectives:
 - Capacity building
 - Medical education
 - Advocacy
- 21 affiliated institutions, including: NYU/Bellevue Program for Survivors of Torture (PSOT), Community HealthCare Network, Johns Hopkins Bloomberg School of Public Health, Montefiore Department of Family and Social Medicine, International Rescue Committee, Catholic Charities Community Services, Elmhurst Hospital Libertas Center for Human Rights, Hebrew Immigrant AID Society, Jericho Road Community Health Center, NY Immigration Coalition, NY Lawyers for the Public Interest, Center for Health Equality, Yale Center for Asylum Medicine, the Purple Clinic (The Institute for Family Health), CAMBA, Weill Cornell Center for Human Rights, Mt Sinai Program on Human Rights, EMPOWER Clinic for Survivors of Sex Trafficking and Sexual Violence

2015 Ebola Response Clinician
Partners in Health (PIH)
 Freetown, Sierra Leone; Boston, MA, USA

- CDC training regarding personal protective equipment (PPE) in Boston
- Working at designated treatment facilities to focus on mitigating disease transmission
- Outbreak investigations
- Increasing local capacity through seminars and workshops

2014 Physician
Médecins Sans Frontières (MSF)/Doctors without Borders
 Mellut, Upper Nile State, South Sudan

- Only physician working in internally displaced persons (IDP) camp (continuous on call service)
- Main foci:
 - Pediatric malnutrition
 - Visceral leishmaniasis/TB/Malaria
 - General medical care (inpatient/outpatient)
- Supervising all clinical (inpat/national) staff
- Contributing to the operational construction of a secondary inpatient medical treatment facility
- Overseeing all therapeutic feeding programs:
 - Intensive therapeutic feeding center (ITFC)
 - Ambulatory therapeutic feeding center (ATFC)
- Weekly community health workshops
- Bi-weekly training workshops and didactic sessions for clinical staff
- Book in preparation: *Surviving South Sudan*

2012 Physician/Public Health Advisor
Jammu & Kashmir Association of Social Workers (JKASW)
 Srinagar, Jammu & Kashmir, India

- Unpaid position
- Facilitating preventive medical screening clinics and general medical treatment (medical camps) for children in rural areas, which was coordinated by JKASW (treating 100+ patients daily).
- Providing capacity building training for local health-care staff.
- Organizing a community health fair (*mela*).
- Organizing workshops on preventive medicine topics (namely hand hygiene, HIV, TB and cancer prevention; and tobacco cessation).
- Providing partial funds for pharmaceuticals/surgical equipment.

2012 Physician/Public Health Advisor
Mayo Hospital
 King Edward Medical University

Lahore, Pakistan

- Unpaid position
- Working with pediatric surgeon and various community physicians in capacity building workshops.
- Site visits include all affiliated university hospitals, *Shaukat Khanum Memorial Cancer Hospital and Research Centre*, various welfare hospitals, pro bono specialist referral centers, and microfinance organizations.
- Assisting with organizing a Hepatitis C (HCV) inpatient prevention campaign.
- Facilitating rehabilitation workshops for *Swat* Internally Displaced People (IDPs) located in the *Khyber Pakhtunkhwa* Province near the Pakistani-Afghan border.

2012 Physician/Public Health Advisor
Pakistan Welfare Center
 Bhera, Pakistan

- Unpaid position
- Facilitating medical camps in rural Pakistan for all local citizens – providing general medical treatment and preventive medicine screening (seeing 100+ patients daily).
- Facilitating workshops on various public health topics (e.g. HCV, Dengue, TB/HIV prevention, cancer prevention, tobacco cessation).
- Facilitating TEFL workshops for local teachers – using a public health paradigm.
- Providing partial funds for pharmaceuticals/surgical equipment.

2009 Medical Assistant
Village Environment Community (VEC) Gangkharka
 Sindhupalchok, Nepal

- Unpaid position
- Diagnosing and treating patients in a rural community clinic in the Sindhupalchok District (i.e. Helambu and Baruwa).
- Advising local community traditional healers and nurses on the development of quality public health practices and infrastructure.
- Coordinating with physicians and public health professionals at Patan University Hospital to help create sustainable health-care delivery to the Sherpa, Yolmo, and Tamang populations residing in villages in this remote Himalayan region.

2007-09 Medical Assistant/Human Rights Advocate/Member
Physicians for Human Rights (PHR)
 Tel Aviv, Israel; West Bank, Palestinian Authority

- Unpaid position
- Assisting physicians and providing medical assistance to undocumented foreign workers in open/free clinic as well as internally-displaced Palestinians lacking access to adequate health-care.
- Interpreting EKGs, filling prescriptions from PHR pharmaceutical stock supplies, completing patients' medical charts, providing Spanish-English translation and anything else requested by physicians.
- Facilitating dialogue between UNHCR and PHR offices regarding assistance with refugee matters.
- Facilitating food drives for local churches housing West African refugees.
- Organizing university lectures for PHR board members and physicians.

2007 Researcher
Palestinian Human Rights Monitoring Group (PHRMG)
 East Jerusalem, Israel

- Unpaid position

- Collaborating on various projects including a human rights monitoring unit, freedom of expression and democracy center, a settlers watch hotline and legal unit, a peace building and conflict resolution monitoring group, reforms to the Palestinian judicial system, and public education and outreach unit.
 - Conducting and writing a case study that documents the social determinants of suicide bombing:
 - *Suicide Attacks: A Case for an End to an Egregious Means* (see publications)
- 2007 Researcher/Writer
 Bustan
 Tel Sheva, Negev, Israel
- Unpaid position
 - Data collection, analysis and publication on a report on Arab Bedouin families suffering from a wide range of medical problems living in unrecognized desert villages in the Negev.
 - Report focused on restriction to basic utilities, resources and infrastructure (i.e. clean water, sewage lines, electricity, roads, and health and educational services).
 - *The Lights are Out - Yet People are Home: A Case to Terminate the Ethnic Cleansing of the Negev Bedouin in Israel* (see publications)
- 2006 HIV/AIDS Coordinator
 World Vision (WV)
 Yangon, Myanmar (Burma)
- Providing overall technical support and coordination in HIV/AIDS programming.
 - Formulating guidelines and implementing monitoring and evaluation of HIV/AIDS Programs.
 - Collaborating with aid development program (ADP) team leaders in identifying HIV/AIDS related programming needs; and developing such needs into operable concepts through papers/proposals intended to mobilize additional resources.
 - Developing the National Level Learning Network (NLLN) within WV – consisting of HIV/AIDS focal points from different ADPs to share the most prudent practices and challenges.
 - Networking with other WV entities as well as building relationships with UN agencies, IGOs, NGOs, governments, donor agencies, religious groups and other agencies in related fields.
 - Submitting grant proposals for PEPFAR funding.
 - Participating in training, workshops and seminars related to HIV/AIDS within and outside WV, as appropriate.
- 2005 Research Assistant/Film Editor/Field Analyst
 United Nations Children's Fund (UNICEF)
 New Delhi, India; Chennai, Tamil Nadu, India
- Paid internship
 - Providing support for UNICEF India's Knowledge Community on Children in India (KCCI).
 - Specific focus on the beneficiary assessment of the self-perception of risk and knowledge of HIV/AIDS protective practices among adolescent boys and girls.
 - Research focus on both government-run and private schools of students in grades 9-12 in Tamil Nadu (districts of Namakkal, Cuddalore, and Vellore).
 - *Fundamental Life Skills: The HIV/AIDS Education Programme and its Ensuing Impact on Protective Practices for Adolescents in Tamil Nadu* (see publications)
 - Conducting needs assessments, writing scripts and filming footage for learning videos.
 - Conducting literature reviews and field research at the district or village level on issues related to HIV/AIDS in southern India.
 - Engaging in frequent interaction with Indian research institutions and UNICEF staff regarding the content of case studies and field research.
 - Conducting interviews with key state and district government officials, NGOs, community based organizations, students, peer educators, teachers, headmasters, district principals, parents and other faculty concerning the efficacy of the School AIDS Education Program.
 - Findings published in three ways: a 30-page published case study, a 10-minute learning video, and a 30-minute oral/visual presentation.

- 2004 Community Assistant/Physician's Aid
Iko Poran
 Sao Paolo, Brazil
- Unpaid position
 - Part of MPH practicum
 - Working with a Pediatric Infectious Disease specialist in providing clinical treatment at an urban (favela) HIV/AIDS clinic.
 - Providing support and counseling for HIV-positive community members.
- 2004 Research Assistant/Community Assistant/Clinical Assistant/Editor
Voluntarios Sin Fronteras (VSF)
 Atalaya, Madre de Dios, Peru
- Unpaid position
 - Part of MPH practicum
 - Working with the indigenous *Ashaninkan* tribes in the Peruvian rainforest by providing health assessments, treating patients at community clinic.
 - Teaching ESL to community members
 - Editing VSF's health-related educational literature and grant proposals.
- 2004 Medical Assistant
Healing Hands for Haiti (HHH)
 Port Au Prince, Haiti
- Unpaid position
 - Part of MPH practicum
 - Providing clinical treatment and medical rehabilitation services to disabled children and adults in HHH's private clinic, orphanages, nursing homes, and regional general hospital.
 - Assisting physicians, nurses, prosthetists, and occupational and physical therapists in instructing Haitian informal/formal caregivers how to properly care for disabled patients.
- 2004 Community Assistant
Sister Island Project
 Cruz Verde, Monte Plata, Dominican Republic
- Unpaid position
 - Part of MPH practicum
 - Working in aims of sustainable development of rural marginalized regions by building a learning center and facilitating an arts camp for children (ages 3-17).
 - Teaching ESL to children.
 - Developing public health modules for community on nutrition/sanitation/hygiene.
- 2003 Research/Administrative Assistant
Médecins Sans Frontières (MSF)/Doctors without Borders
 Khayelitsha, Western Cape, South Africa
- Unpaid position
 - Part of NYU International Health Program
 - Collaborating on a large-scale global multi-center double-blind randomized clinical trial, sponsored by MSF-Brussels.
 - Demonstrating that the use of highly active antiretroviral therapy (HAART) in a primary health-care setting in a resourceful environment is both feasible and replicable.
 - Designed to act as a pilot program, where HIV/AIDS care and treatment were provided at no cost.
 - Intervention consisted of 2 groups of first-line generic regimens: ZDV/3TC/EFV and ZDV/3TC/NVP.

- Controls administered were same dosage of Originator ART and were also stratified into 2 groups.
 - Results were based on 6-month assessments.
 - A part of MSF's global campaign "*Access to Essential Medicines*".
 - Provided technical assistance in screening examinations, collecting lab work, documenting histories and vitals, and administering HAART as well as other medicines to treat OIs.
 - Collecting data on trial, including documenting response variables and surrogate endpoints.
- 2003 Research/Administrative Assistant
Treatment Action Campaign (TAC)
 Khayelitsha, Western Cape, South Africa
- Unpaid position
 - Part of NYU International Health Program
 - Coordinating advocacy work that correlated with findings of MSF clinical trial.
- 2003 Research Assistant
Medical Research Council (MRC)
 Hlabisa, KwaZulu-Natal, South Africa
- Unpaid position
 - Part of NYU International Health Program
 - Conducting epidemiological surveillance on HIV/AIDS in a highly prevalent region.
 - Epidemiological variables collected and analyzed were mortality measures (age-specific and disease-specific mortality rates, case-fatality rates, proportionate mortality, and years of potential life lost (YPLL)).
- 2003 Community Assistant
South African Christian Leadership Assembly (SACLA)
 Khayelitsha, Western Cape, South Africa
- Unpaid position
 - Part of NYU International Health Program
 - Providing palliative care for individuals affected by HIV/AIDS, crime, violence, poverty, and unemployment through daily home visits.
- 2003 Community Assistant
Planned Parenthood Association of South Africa (PPASA)/Men as Partners (MAP) Project
 Khayelitsha, Western Cape, South Africa
- Unpaid position
 - Part of NYU International Health Program
 - Facilitating workshops and outreach efforts focusing on transforming gender roles.
 - Designing various curricula that included games, role-playing, and group discussions to emphasize gender and sexuality issues, in efforts to negotiate gender equality.

TEACHING EXPERIENCE

- 2017-18 Clinical Preceptor, Nurse Practitioner (NP) Program
University of California, Los Angeles (UCLA) Department of Nursing (Los Angeles, CA)
- 2017-18 Clinical Preceptor, Physician Assistant (PA) clinical training program
 Assistant Professor, Infectious Disease Pharmacology
Charles R. Drew University PA Program (Los Angeles, CA)
- 2017-18 Lecturer (CME credit)
 Topics: Transgender medicine, Antimicrobial resistance, Travel medicine, HAART resistance
AIDS HealthCare Foundation (Los Angeles, CA)

2016-18	PhD Dissertation committee Migration Experience and Mental Health Outcomes of Central American Transgender Latina Females Smith College (Northampton, MA)
2016-17	Lecturer Topics: HIV/AIDS, STIs, Hypertension, Cardiovascular Disease SUNY College of Optometry (New York, NY)
2015-17	Preceptor/Lecturer Topics: TB screening, Screening for Special Populations, HIV and Hepatitis Screening and Management, Autoimmune Diseases, Immunizations, Refugee Health, Travel Medicine Community HealthCare Network Nurse Practitioner Fellowship (New York, NY)
2015-17	Preceptor Topics: Infectious Disease and Transgender Medicine Sophie Davis School of Biomedical Education (New York, NY)
2007	Teacher/Community Assistant/Medical Assistant Awassa Youth Campus (AYC), Awassa Children's Project (ACP) Awassa, Ethiopia
2007	Teacher/Community Assistant/Medical Assistant Tsige Tadese Orphanage Center/Fistula Foundation Addis Ababa, Ethiopia
2006	Teacher Chung Dahm Institute (CDI) Beom-Mul Dong, Su-Seong Gu, Daegu, Republic of Korea
2005-06	Professor/Teacher Assumption College Thonburi (ACT) Bangkae, Thonburi, Bangkok, Thailand
2004-05	Human and International Services Specialist/Teacher Shunan English School (SES) Shunan City, Yamaguchi-Ken, Japan
2002	Community Assistant/Teacher African Child Foundation (ACF) Kampala, Uganda

FACULTY APPOINTMENTS

2021-present	Associate Professor Institute on Inequalities in Global Health Division of Disease Prevention, Policy and Global Health Department of Population and Public Health Sciences Keck School of Medicine University of Southern California Los Angeles, CA, USA
--------------	---

- Teaching seminar on social justice for incoming medical students
- Research collaboration of refugee/asylee patient navigation
- Member of COVID-19 Pandemic Research Center
- Teaching a number of MPH lectures
- Precepting a number of MPH students through the following projects:

- Improving mental health clinical capacity for women affected by sexual and gender based violence (SGBV) in the Democratic Republic of Congo (DRC)
- Wellness and Equity Alliance
- Curative Medical Associates

2021-present Clinical Assistant Professor
 Department of Medicine
 University of California, San Francisco (UCSF)
 San Francisco, CA, USA

- Precepting medical students and residents
- Overseeing UCSF public health psychiatry and addiction medicine fellowship rotations through Alameda county health care for the homeless

2019-present Associate Professor
 Leonard Davis School of Gerontology
 University of Southern California
 Los Angeles, CA, USA

- Teaching seminar in medical humanitarianism
- Clinical preceptor for Masters' students

2017-2019 Assistant Professor
 Physician Assistant (PA) Program
 College of Science and Health
 Charles R. Drew University of Medicine and Science
 Los Angeles, CA, USA

- Teaching 12 week course in infectious disease pharmacology
- Clinical preceptor for PA students

PROSPECTIVE ANALYSES

Public Health Surveillance Grant Hamer (PI) 1/15/2017-present

GeoSentinel Surveillance Program

Centers for Disease Control & Prevention (CDC)/International Society of Travel Medicine/Public Health Agency of Canada
The major goal of this study is to collect data on travel-related morbidity. I am the site PI in charge of recruiting sites across the country and ascertaining the integrity of the data reported to our public health division.

Role: **Site Principal investigator (PI)**

NICHD U19HD089886 Rotheram-Borus (PI) 02/02/2017-present

Adolescent Treatment Network (ATN) – ATN Engagement

The goal of this project focuses on the behaviors associated with HIV risk and exposure within adolescents between 18 and 24 and the comparative effectiveness of in-person coaching vs web-based peer support or coaching.

Role: **Co-Investigator**

HII-03 AIDS HealthCare Foundation Cohen (PI) 02/03/2017-present

Study of Pentasa® for Reducing Residual Systemic Immune Activation in Treated HIV Infection

The goal of this project is to conduct an open label study of people with HIV infection who are maintained on effective treatment with antiretroviral drugs to determine whether Pentasa® can reduce systemic immune activation.

Role: **Sub-Investigator**

AHF-02, AIDS HealthCare Foundation **Evans (PI)** 04/25/2018-present

Clinical Trial Evaluating the Clinical Efficacy of Cefixime for Treatment of Early Syphilis

The major goal of project is to study the effectiveness of cefixime, which is typically used as a treatment for other STIs, as an alternative treatment for syphilis.

Role: **Principal investigator**

AHF-03, AIDS HealthCare Foundation **Evans (PI)** 06/15/2018-present

Prevalence of Mycoplasma Genitalium (M. Gen) among people living with HIV/AIDS in Los Angeles County

The goal of this study is to determine the prevalence of M. Gen among people living with HIV/AIDS as well as those at risk and compare the difference, as well as explore possible interactions with other sexually transmitted infections (STIs).

Role: **Principal investigator**

Cheng A, Jiang CS, McLean M, Bergeron G, Vasquez KS, Kost RG, Holt PR, Breslow JL, Bernstein P, **Evans TB**, Wieland D, Sagy M, Kirsch A, Kohn B, Pagano W, Moftah D, Anderman J, Wilcox J, Tobin JN. **Evaluating the Association of Biological, Social, and Nutritional Status on Adolescent Pregnancy Rates, Physiology and Birth Outcomes Using Electronic Health Records Data**. In collaboration with Clinical Directors Network (CDN), Sackler Institute of Nutritional Sciences and Rockefeller University.

Khalida C, Tomasz A, Kost RG, **Evans TB**, Tobin JN. **Patient-Centered CER Study of Home-based Interventions to Prevent community-acquired MRSA Infection Recurrence**. Patient Centered Outcomes Research Institute (PCORI) Grant funded. In collaboration with CDN and Rockefeller University.

Evans, TB. Kanahra, S. Tan J. **Sentinel Surveillance on Potential Local Zika Transmission in Bronx and Brooklyn, NY**. In collaboration with the NYC Department of Health and Mental Hygiene.
